Welcome address

Dear colleagues

It is our great pleasure to welcome you to the 14th European Postgraduate Course in Neonatal and Pediatric Intensive Care Medicine here in Bern. Together we can celebrate the 30th anniversary of the course. In 1993 the founder and initiator of the European Postgraduate Course Juerg Pfenninger wrote: «The aim is to have expert presentations, including basic and state-of-the-art aspects.»

Today, 30 years later, with the same aim, we have put together a diverse program that highlights many facets of our fascinating profession.

We look forward to a lively exchange and many interesting discussions.
With best wishes for a successful course.

Sincerely yours

Tom Riedel
Course Chairman
